Membership Renewal Spot Audit Mission

One of my missions this year is to assist the Membership Renewal Spot Audit Chair in reminding our membership how important and easy it is to maintain their CLE in the event of an audit. As one of your benefits, we have a convenient portal for members to enter and manage their CLE, but it is also necessary for you to keep those certificates for your CLEs in support of the hours you have claimed for membership renewal. There have been several TPJ articles over the years about tips if you receive an audit request and the Chair sends a detailed notice what to do if you audited.

A few years ago, other methods of random auditing became available. Of course, there is always a statistical probability of being audited in sequential years. The Chair is very mindful about this and includes a special note to those who have been audited two years in a row acknowledging this and assuring they are exempt if audited the third year. If you are audited, you are selected. You and your other selected colleagues are representing the remaining 90% of the membership. Earning your required CLE is a testament to you, as a professional, and to the betterment of our profession and the Division. You are showing that the Division is a well-founded association that does not waiver in its obligation to provide CLE to its membership and that its membership is just as dedicated to actively pursuing CLE annually.

Thank you for being a proud member of the Paralegal Division!

---Megan Goor, TBLS-BCP
Paralegal Division President
Greetings readers! Winter is coming (sort of, Texas, you know…) and with it comes a new year and a new decade. I am proud of the work that the Paralegal Division has done over the last ten years and even more proud of the accomplishments of our members. We have made great strides in implementing new technologies to broadcast our news and messages to our membership and continue to search for new ways to improve.

You will find one such improvement in this issue of the TPJ which I plan to include in future issues—a video embed. Clicking the video link will take you to a video message made by members for members with special announcements, reminders, and news. This should make for an exciting and fun addition to the TPJ that I hope everyone will enjoy!

There was no place like TAPS, but if you couldn’t make it you can catch up on all the exciting and fun action right here with the TAPS recap. Pictures and sponsors and stories, oh my! This year’s TAPS was a great time and thanks to our wonderful sponsors, volunteers, and coordinators the event went off without a hitch. Be sure to check this issue for next year’s TAPS recap.

Every year we recognize paralegals that make an outstanding contribution to their community through Pro Bono service with the Exceptional Pro Bono Service Award. Be sure to check out this year’s recipient inside! Nominations for the 2019-2020 Exceptional Pro Bono Service Award are also underway; please see the announcement inside for more details on this process.

We also recognize every year a paralegal who stands out above the crowd and makes an impact on the paralegal profession. An electronic copy of each issue is published four times a year as a service to the paralegal profession. An electronic copy of each issue is furnished to the members of the Paralegal Division as part of their dues.

It’s time to consider nominations for President-Elect. If you or someone you know is interested in serving the PD as President-Elect, please see the announcement inside for details.

Just in time for the holidays, the PD has a very special present for you: Spot Audits! Now that may sound like it would make a better Halloween scary story, but with the right tools and organization Spot Audits don’t have to be scary at all! Megan, Deb and the gang go over how to plan for a smooth and pain free Spot Audit that will have you back to feeling that yuletide cheer in no time. Click on the link under the article to see our first ever PD video embed!

Even though this edition came out after the holidays, I hope everyone and their families had a wonderful holiday season and I look forward to the New Year and a new year full of PD news and events. Thank you all for being the most important part of the Paralegal Division and for all you do. Cheers!

Sincerely, Shanna Ellis, 2019–2020 TPJ

The Paralegal Division’s Utilization and Compensation Survey of paralegals in Texas is coming soon! The information from this survey will be used to generate reports that will allow paralegals in Texas to see how their compensation packages compare to others in their geographic region.

Questions cover educational backgrounds, work environments, duties and responsibilities, billing and salary levels, and regional demographics affecting paralegal utilization and compensation. Participation in the convenient “scroll-and-click” survey is totally anonymous. Each question can be answered by simply checking a response or filling in a blank. The survey is open to all paralegals – not just members of the State Bar of Texas Paralegal Division. Please participate and tell others of this opportunity. By completing the survey you are helping the Paralegal Division to provide the most accurate and up-to-date information.

Please complete this survey by **March 31, 2020.**

Thank you for your participation. This information will provide summary demographic information about paralegal work, compensation, benefits, and job satisfaction in Texas. The survey findings will be summarized and published on our website after completion.

KEEP YOUR CLE (CERTIFICATES)

Every year the Paralegal Division executes a Spot Audit. This is a random selection of members, who, if chosen, must submit their CLE Certificates for authentication of claimed CLE credit hours. Unfortunately, even though this is not a new event, every year our Spot Audit Chair must contend with problems with getting certificates from members. It’s time to do our part and make life a little easier for the Spot Audit Chair. Here’s how you can help:

- Request a certificate if one is not given to you at the CLE event
- Fill out the certificate properly (see image below)
- Keep the certificate
- Regularly update your CLE records on the PD website (www.txpd.org—go to Members Only- Manage My CLE Records and log your CLE credits)
- Keep a copy of your renewal application
- Keep a hard copy and an electronic copy of your CLE certificates and renewal applications as a back up for 2 years just in case
- Consider employing the use of a USB (or thumb) drive to keep the electronic version of your certificates so they stay separate and avoid system/computer crashes
- Download and save the certificate immediately after completing an online CLE
- Keep the hard copies of your certificates in a place away from your other work papers so they don’t get mixed up and lost

All active PD members must have at least 6 hours of CLE credit to renew their applications, and these credits must be claimed. Spot Audits ensure that our members are taking legitimate CLE’s and that everyone is completing their credits. It is imperative that you are able to prove up CLE hours with a Certificate of Completion if you are selected for Spot Audit; if you aren’t able to show proof of completion then, other than the benefit of learning something new, you wasted that time (and potentially money)! No one wants that!

Think of the Spot Audit like a selfie— if you don’t take a picture of yourself in front of the Eiffel Tower how will anyone believe you were there? Don’t lose out on your CLE learning experiences because you didn’t take a selfie; get your certificate, fill it out properly, and save it in a safe location. We are all responsible for a million important things a day at our offices and we keep track of all of it; that’s what makes us superstar paralegals! Be a Superstar for our Spot Audit Chair and Keep Your CLE (Certificates)!

“There’s No Place Like TAPS — 2019
20 Years of CLE Excellence”
and the Division’s Annual Meeting

By Megan Goor, TBLS-BCP, President

The Paralegal Division’s mission states, “The purpose of the Division shall be to enhance paralegals’ participation in the administration of justice, professional responsibility and public service in cooperation with the State Bar of Texas.” The Paralegal Division has its Texas Advanced Paralegal Seminar (“TAPS”) that offers up to 14 hours of CLE. This annual three-day event also includes socials, an exhibition hall, and keynote luncheon. A new addition was the Paralegal Division’s Annual Meeting being held at the Keynote Luncheon.

This year, TAPS was held on September 18–20, 2019 at the DoubleTree in Austin. The presentations covered numerous topics in various areas of law by over 60 speakers. Speakers ranged from attorneys, paralegals, professors, judges, etc.

2019 TAPS Planning Committee
TAPS 2019 was chaired by Immediate Past President Stephanie Sterling, TBLS-BCP and the planning committee which included:
• Pam Etie, ACP, PLS – Speakers Chair
• Susi Boss – Social Co-Chair
• Sherie Hollinger, PHP, RP – Socials Co-Chair
• Shanna Mello – Vendor/TAPS App
• Alice Lineberry, PLS, CP – Door Prizes/Grand Prizes
• Jennifer Rogers, CP – Registration
• Stephanie Sterling, TBLS-BCP – Marketing
• Megan Goor, TBLS-BCP – Scholarship Chair/Board Advisor and current President

The Public Members this year were:
• Frank Hinnant – Innovative Solutions
• Jennifer Chambless – Kim Tindall & Associates
• Kelly Davis – File & ServeXpress

TAPS Goodwill
A donation was made to the Austin Bar Foundation in lieu of speaker and volunteer gifts to support its contributions to the local legal community and causes.

The complete list of these appreciated speakers, their topics, and areas of law are at the end of this article.

TAPS Scholarships
The Paralegal Division offers two scholarships that are applied to the registration fee of TAPS. This year’s topic was, “You have plenty of courage, I am sure,” answered Oz. “All you need is confidence in yourself. There is no living thing that is not afraid when it faces danger. The true courage is in facing danger when you are afraid, and that kind of courage you have in plenty.”—L. Frank Baum, The Wonderful Wizard of Oz. What does it mean to be a confident paralegal in the workplace, in the field, and in the community? Describe your experiences and how CLE contributes to this. There were several submissions this year and this year’s recipients were Elaine Simons (D5-San Antonio), and Mona Tucker (D14-Northeast Texas).
2018 Evaluation Drawing Winner

Angie Laird (D1) was the 2018 Evaluation Drawing Winner and received a registration discount for 2019 TAPS!

TAPS App
The TAPS App is an essential part of the conference. It has so many features - giving alerts or notifications about the day’s events and helpful features like bookmarking speakers, quick reference guide about the speakers, vendors, socials, and so many others.

SOCIALS
Wednesday’s “Regally Legally Networking Socially”
TAPS began with the social on Wednesday night at the DoubleTree with light hors d’oeuvres and door prizes. There was an interactive game with the vendors and a “Wizard of Oz” costume contest was held this night. There were several great looking contestants!

Thursday Night Social – “The Emerald Gala – Celebrating 20 Years of TAPS”
The Thursday evening dinner was held at the beautiful Austin Public Library. Attendees enjoyed an elegant meal, a photo booth and the Austin’s Bar and Grill Singers to finish the night with their fun, but oh-so-true, legal-related parodies and melodies. To commemorate the past 20 years, photographs from past TAPS were on display and words about the history of the Division’s CLE event by Past-President/Charter Member Javan Johnson, ACP, TBLS-BCP. Thank you to First Corporate Solutions for providing the photo booth!

Friday Special Session
The “Special Session” held early Friday morning is geared towards professional development. This year, there was a TBLS Preparation Panel that addressed questions and tips about preparing and taking the Texas Board of Legal Specialization. The panel included: Stephanie Sterling, TBLS-BCP, Jay Williams, TBLS-BCP, Brenda
Colvin, TBLS-BCP, Renee Wettengal, Catrina Sorensen, TBLS-BCP, and special guest, Molly Galvez, TBLS Analyst, Texas Board of Legal Specialization.

**Annual Meeting Keynote Luncheon and Speaker**
This year was the Division’s inaugural year to have Annual Meeting in conjunction with TAPS Keynote Luncheon.

The Immediate Past President, Stephanie Sterling, TBLS-BCP, and current President, Megan Goor, TBLS-BCP, co-moderated the TAPS and Annual Meeting functions.

Annual Meeting included the Division’s Code of Ethics and Professional Responsibility, by President Megan Goor, TBLS-BCP who emphasized the importance of CLE to maintain proficiency under Texas Disciplinary Rule of Professional Conduct, Rule 1.01, Comment 8, which applies to attorneys and consequently the attorney’s paralegal and emphasized the “Keep Your CLE Certificate” campaign, especially for the upcoming membership renewal spot audit.

Annual Meeting business also included Reading of the Rules of Order by Susi Boss, District 5 Director and Parliamentarian; approval of 2018 Annual Meeting Minutes; and the Treasurer’s Report was presented by Rebecca Lopez, District 16 Director and Treasurer.

The State of the Division was given by both Immediate Past President, Stephanie Sterling, TBLS-BCP and President Megan Goor, TBLS-BCP, highlighting the many benefits and activities of the Division.

The Paralegal Division’s highest award is the Award of Excellence. It is an award conferred by the Paralegal Division Board of Directors to recognize an individual who has made a substantial contribution to the paralegal profession. The award is given for outstanding merit. At the Paralegal Division Annual meeting in October 2019 in Austin Michele Boerder was bestowed with this award.

Michele is a leader, a mentor and has tirelessly served the Paralegal Division for many years, including Chair of the Legal Assistant’s Division (former name of the Paralegal Division) 1990-1991, District 2 Director, Chair of the 25th Anniversary Committee, and in many other capacities too numerous to list. Michele was the Chair of Paralegal Division in 1990 when the first Executive Director, Norma Hackler, started in the newly formed position. Michele has authored several articles for the *Texas Paralegal Journal*. Michele continues to provide her wisdom to this association, currently chairing the Paralegal Division Long-Term Strategic Planning Ad-Hoc Committee to help in developing ways for the Paralegal Division to continue to serve its members and the paralegal profession.

Ms. Boerder is also a former past President of the Dallas Area Paralegal Association and currently serves as their Program’s Vice President.

According to Michele’s Paralegal Division Ambassador biography, she also has served on the State Bar of Texas Paralegal Committee (1991-2009), the TBLS Paralegal Civil Trial Commission, NFPA’s Paralegal Advanced Competency Exam Standards Committee, and Paralegal Today magazine’s editorial review board.

Other mentionable accolades include, the Dallas Area Paralegal Association’s Paralegal of the Year Award in 1995, NFPA’s Paralegal of the Year award in 2005, the Dallas Area Paralegal Association Lifetime Achievement award in 2006 and NFPA’s William R. Robie Leadership Award in 2011. Michele is also an instructor and consultant in the Paralegal Certificate Program at SMU’s Certification Standards Committee.

Michele Boerder is a trailblazer in this field and it is abundantly clear why she was awarded the 2019 Paralegal Division Award of Excellence!
Amber Haney has gone above and beyond the call to service for her community through pro bono efforts and more than deserves the award for Exceptional Pro Bono Service from the Paralegal Division of the State Bar of Texas (“PD”).

Fostering the Development of Pro Bono Projects
Amber serves as the Pro Bono Committee Chair for her local community-level paralegal association, Capital Area Paralegal Association, and has given this program the revival it needed. She was appointed as the Chair just short of two years ago and has expanded participation of other community paralegals through her sheer enthusiasm and servant’s heart.

Amber has been instrumental in gathering paralegal support for the Austin Bar Foundation’s CANLAW Clinic – a clinic serving the estate planning needs of those affected by cancer. She has rallied and encouraged area paralegals to donate their time and share their skill sets with this pro bono opportunity to assist an underserved population. With her support and the team she helped to commit to serve for this effort, this clinic has been able to host this clinic twice and with her continued efforts, this pro bono opportunity will continue to grow.

Provide Assistance to Established Pro Bono Programs
Last year, the Director of the Travis County Pro Se Litigant and Family Law Clinics offered through the Travis County Law Library and Austin Bar Association reached out to Amber for assistance in gathering paralegal support for their efforts in helping the community process uncontested family law matters.

Since her involvement, this clinic has begun to thrive again! In her free time, she trains paralegal students and working paralegals in the uncontested process, explains the forms, and offers to attend their first few clinics with them as moral support. She has become a vital member of this clinic’s volunteer team.

Provide Unmet Legal Services to Persons with Low-Income
Amber has recently been offered a spot at the table on the board of the Volunteer Legal Services of Central Texas – a HUGE win for paralegals everywhere. This pro bono committee offers a variety of free legal services for the local community and Amber helps support this organization by volunteering herself and encouraging other paralegals to get involved. Priscilla Cortez the Executive Director for Volunteer Legal Services of Central Texas said of Amber:

“As a VLS volunteer, Amber is part of the heart and soul of our organization. Her extraordinary service includes serving as a Board member, volunteering at our community legal clinics, and assisting with numerous pro bono cases. She truly represents the best of our legal community and we are so fortunate to have her tremendous leadership, expertise, and support.”

In addition to participating in pro bono clinics throughout the state, she has developed and taught a Texas Board of Legal Specialization and National Association of Legal Assistants accredited CLE regarding uncontested family law matters and has been active with Christopher House as a volunteer notary for end-of-life documents for this organization for over two years.

Pro bono is more than just providing legal services without compensation. Pro bono is about using a skill and giving back to the community in more ways than one. Amber gives back to her community two-fold by not only providing pro bono services support but recruiting other support staff to get involved. The impact that Amber has made on the local community and those individuals that have been lucky enough to have worked with her during pro bono activities is unmeasurable.

Congratulations are in order to Amber Haney, 2018–2019 Paralegal Division of the State Bar of Texas Exceptional Pro Bono Service Award recipient.
EXCEPTIONAL PRO BONO SERVICE AWARD

The Paralegal Division (PD) of the State Bar of Texas is proud to sponsor an Exceptional Pro Bono Service Award. Its purpose is to promote the awareness of pro bono activities such as those defined by the State Bar of Texas, and to encourage PD members to volunteer their time and specialty skills to pro bono projects within their community by recognizing a PD member who demonstrates exceptional dedication to pro bono service. Paralegals are invited to foster the development of pro bono projects, to provide assistance to established pro bono programs, and work closely with attorneys to provide unmet legal services to people with low incomes. This annual award will go to an individual PD member, who performed the pro bono service(s) in the State of Texas, and has volunteered his or her time and special skills in providing uncompensated services in pro bono assistance to their community. The recipient of the award will be announced at the Paralegal Division Annual Meeting Luncheon, his/her expenses to attend the Annual Meeting Luncheon will be incurred by the Division, and a profile of the individual will be published in the Winter issue of the Texas Paralegal Journal.

Join PD and reap the benefits!

Below is a highlight of a few of the benefits that can make your membership invaluable.

» **E-Group Forum**: Join the members-only forum with hot topics, forms, ethics, and general questions posted and answered by paralegals. The eGroup is a way for members to share information and to obtain input to help address questions. Say you have a question and think the group would be a good resource; you could send your question to the eGroup. In a matter of minutes, you can have an answer to your question, a fresh idea about the matter, or a lead in the right direction. The amount of time that you can save with the eGroup is worth the cost of membership alone.

» **CLE**: The Paralegal Division provides many opportunities to obtain CLE. Every year the Paralegal Division sponsors the Texas Advanced Paralegal Seminar (TAPS), a 3-day CLE seminar where you can obtain up to 14 hours of CLE for one low great price. A majority of the topics are TBLS approved for those board certified paralegals. If you are not able to attend TAPS, the Paralegal Division provides other opportunities by providing at least 3 hours of CLE in your district and online CLE. The Paralegal Division has over 60 different CLE topics available online for those paralegals that are not able to attend CLE outside of the office. You can obtain your CLE hours while at your computer.

» **Mentor Program**: The mentor program is available to all members of the Paralegal Division. The purpose of this program is to provide support on topics such as ethics, career advancement, professionalism, and the Division. Mentors will provide support, guidance, and direction to new paralegals that will strengthen their links to the paralegal community, and contribute to their success as a paralegal. Protégés also have access to valuable networking opportunities with other paralegals and the legal community through their mentor, as well as at state-wide and district Paralegal Division events.

Membership criteria and additional member benefits can be found at [www.txpd.org](http://www.txpd.org) under “Membership” tab. All applications are accepted and processed online at [www.txpd.org/apply](http://www.txpd.org/apply). Dues payment accepted by check, money order or credit card. Questions regarding membership in the Paralegal Division can be forwarded to pd@txpd.org or memberchair@txpd.org.
Generally, an asset protection strategy should dissuade potential creditors from pursuing an action against you, and protect your personal assets from being seized to satisfy a creditor’s judgment.

As women continue to work and earn money, become the main breadwinners, and run their own businesses, it’s important to take measures to protect your lives, businesses, and simply the things you own. That’s why asset protection planning has become so vital for women.

Asset protection planning is the process of arranging your financial affairs to prevent or at least minimize the risk of your assets being used to satisfy claims of future creditors or claimants. Asset protection is not intended to hide assets, defraud creditors, or evade the payment of taxes. In fact, if a court finds that your asset protection plans were made with the intent to defraud, it will disregard those plans and make the assets available to creditors.

### Why is asset protection planning important for women?

Women, now more than ever, need to consider asset protection planning because:
- Women live longer than men and will likely need their money to last longer
- At some point in their lives, women may have to manage their own finances due to divorce, widowhood, or remaining single
- Many women are successful business owners
- A good asset protection plan can help you achieve financial security and independence, and give you an opportunity to have enough money to provide for your comfortable support and that of your dependents

### Insurance as part of your asset protection plan

Often, the simplest way to protect assets is by shifting the risk to an insurance company. This should generally be your first line of defense. However, insurance may not provide all the protection you need, or it might not be available.

Other asset protection strategies generally involve transferring legal ownership of assets to other persons or entities, such as corporations, limited partnerships, and trusts. The logic behind shifting ownership of assets is fairly straightforward: your creditors can’t reach assets you don’t own.

### C corporations

You might be a business owner, or thinking about starting a business. If so, choosing a business entity is an important decision. One option is a C corporation. The law views a C corporation as a separate legal entity. As such, business assets owned by a C corporation are considered separate from your personal assets, which will generally not be at risk for the liabilities of the business.

However, protection from liability may be lost if the business does not act like a business, such as when the business acts in bad faith, fails to observe corporate formalities (e.g., organizational meetings), has its assets drained (e.g., unreasonably high salaries paid to shareholder-employees), is inadequately funded, or has its funds commingled with shareholders’ funds.

**Caution:** A number of issues should be considered when selecting a form of business entity, including tax considerations. Consult an attorney and tax professional before shifting assets to a corporation or other business entity.

### Limited liability company (LLC)

An LLC is a hybrid of a partnership and a C corporation. An LLC is generally taxed like a partnership with income and tax liabilities passing through to its members (and not double-taxed as with a C corporation), but it is viewed as a separate legal entity and can be used to own business assets, protecting your personal assets from business claims against the LLC. While the legal formalities are based on state law, the legal requirements to form and maintain an LLC are usually not as involved as those associated with a C corporation.

Many professionals, such as lawyers, doctors, dentists, and accountants, face liability for damages that result from the performance of their professional duties. Both an LLP and PC protect you from the professional mistakes of your partners.

### Professional corporation (PC), limited liability partnership (LLP)

Many professionals, such as lawyers, doctors, dentists, and accountants, face liability for damages that result from the performance of their professional duties. While no business structure will protect you from personal liability for your own professional activities, states have enacted laws allowing professionals to join together to form professional corporations wherein all participating corporate members are of the same profession. An alternative form of business entity suitable for professionals is the LLP. Both an LLP and PC protect you from the professional mistakes of your...
partners. That is, if one of your partners is sued for negligence, and the PC or LLP is also named in the lawsuit, the partner sued may be liable personally for any judgment, but the PC or LLP should protect your personal assets from the reach of any judgment creditor of the entity.

Family limited partnership (FLP)
An FLP is a limited partnership formed by family members only. Assets that you own, such as a closely held business or any real estate (other than your residence), may be placed in the partnership. Generally, a creditor can only obtain a charging order against the FLP, which allows the creditor to receive any income distributed by the general partner (who is usually a family member). It does not allow the creditor access to the assets of the FLP. Thus, a charging order is not an attractive remedy to most creditors, and consequently, its limitations might convince a creditor to settle on more reasonable terms than might otherwise be possible.

Protective trusts
Protective trusts are intended to protect your assets and/or estate from creditor claims, lawsuits, an unwanted beneficiary, or other threats. Generally, protective trusts work to pay income to the beneficiary you name in the trust. The trust trusts work to pay income to the beneficiary to ensure payment of income while you’re entitled only to trust income, or when to distribute trust property or income to beneficiaries. Creditors can only reach property that the beneficiary has a legal right to receive. Therefore if you, as a trust beneficiary, don’t have access to trust property, your creditors will be unable to reach it as well.

Offshore (foreign) trusts
Many foreign countries have laws that make it difficult for creditors to reach trust assets held in that foreign country. In order for a creditor to reach assets held in a foreign or offshore trust, a court must have jurisdiction over the trustee or the trust assets. A trust that is properly established in a foreign country generally does not allow jurisdiction of a U.S. court over the trustee. A U.S. court will be unable to exert any of its powers over the offshore trustee. For a creditor to assert a claim against trust assets, the suit must commence in the foreign jurisdiction, with a lawyer licensed to practice in that foreign country. In addition, the creditor will probably have to post a bond with the foreign court. Taken as a whole, these obstacles have the general effect of deterring creditors from pursuing actions in the foreign court.

Domestic self-settled trusts
The laws in a few states, such as Nevada, Alaska, and Delaware, enable you to set up a domestic self-settled trust. You can create this type of trust, transfer assets to the trust, and name yourself as beneficiary. The key to a self-settled trust is that it gives the trustee discretion over whether or when to distribute trust property or income to beneficiaries. Creditors can only reach property that the beneficiary has a legal right to receive. Therefore if you, as a trust beneficiary, don’t have access to trust property, your creditors will be unable to reach it as well.
I was recently contacted by a paralegal about a situation in her office. Her supervising attorney had asked her to contact former clients to make sure everything regarding their legal issue had worked out to their satisfaction and inquire whether there was anything else the firm could do for the client. At first, I assumed these were clients whose matters had concluded in the last few weeks and she would be contacting these clients as a form of satisfaction survey. However, the paralegal explained that I was misunderstanding the situation.

The paralegal stated that the attorney was requesting her to reach out to clients, some recent, and some of which could be considered former clients as their matters had been resolved quite some time ago. The purpose of the calls was not to determine whether the clients were satisfied with the resolution of their legal matters, instead, the attorney’s goal was to find out if the clients needed additional legal services and if so, to encourage them to have the firm represent them in those matters. The paralegal wisely realized that the attorney was asking her to solicit clients. Although the people she would be contacting are current and former clients, reaching out to them and asking if they have any legal matters they need handled is still solicitation.

Rule 7.03(s) of the Texas Disciplinary Rules of Professional Conduct states in part:

A lawyer shall not by in-person contact, or by regulated telephone or other electronic contact as defined in paragraph (f), seek professional employment concerning a matter arising out of a particular occurrence or event, or series of occurrences or events, from a prospective client or nonclient who has not sought the lawyer’s advice regarding employment or with whom the lawyer has no family or past or present attorney-client relationship when a significant motive for the lawyer’s doing so is the lawyer’s pecuniary gain.

Since the purpose of contacting the clients is an attempt to bring in more business, it appears such contact would be for the attorney’s monetary gain, and therefore, prohibited conduct for the attorney. Two of the canons of the Paralegal Division Code of Ethics and Professional Responsibility are also applicable to this situation:

Canon 2. A paralegal shall not perform any of the duties that attorneys only may perform or do things which attorneys themselves may not do.
Canon 5. A paralegal shall not solicit legal business on behalf of an attorney.

These canons make clear that the paralegal would be ethically prohibited from contacting the clients to attempt to solicit business for the attorney. It is fortunate the paralegal questioned whether the attorney’s request was something she should do. Too often paralegals either assume that if the attorney tells you to do it, it is ethical, or are uncomfortable telling the attorney they want to research whether what the attorney is asking is permitted for paralegals. In order to remain ethical, paralegals must educate themselves about ethics and not hesitate to ask questions or conduct research to confirm they are remaining ethical.
