PRESIDENT'S *Message*

by Susan Wilen, RN, President, Paralegal Division

This issue of the Texas Paralegal Journal is all about you...it is about what you have accomplished this year, what you have been recognized for this year, and what has been important to you this year. It is about your heart, and your mind, and your back.

But it is also about what the Division has offered you this year. The Districts have provided more than 50 hours of CLE this year, some very elementary and some very advanced. Webinars and on-line CLE continue to provide CLE to paralegals that are not able to attend local CLE presentations.

There were 250 attendees to TAPS in

North Fort Worth last October who had the opportunity to accrue 14 hours of CLE from a cadre of 60 speakers, individuals versed in over ten different specialty areas of the law. And we celebrated the 30th anniversary of the Division, realizing how far we have come from 1981.

We celebrate the more than 20 Ambassador presentations throughout the State, bringing Paralegal Division leaders to paralegal gatherings and schools. We are fortunate that we have so many capable leaders who are willing to give of their time and expertise, simply because they still are passionate about the Division.

We also celebrate the e-group, and its wonderful members, for all the guidance and support that is so generously shared between its participants. The scope of questions is mind-boggling, but the information is invaluable. I have heard some members express their reluctance to join the e-group because they fear a flood of inbox activity, but it is an invaluable tool when you need information quickly. And if the topic is something about which you know nothing, your delete button is your friend.

Lastly, I hope you notice all the smiles of our members. The Division is an extraordinary way of meeting new people, making new friends, and doing work that makes a difference. We are "A Division With A Vision"....and lots of heart.

“Ideas won’t keep. Something must be done about them.”—*Alfred North Whitehead*

“I want to put a ding in the universe.”—*Steve Jobs*

Years of work by the Legal Assistants Committee (now known as Paralegal Committee) of the State Bar of Texas and Bar staff led to the establishment of the Legal Assistants Division (now known as Paralegal Division) on October 23, 1981. Their efforts were in response to the growth and development of the paralegal profession. Establishment of the Division was the first such action by any state bar association in the country.

Today, the PD works harder and provides more to its members than ever before. Here’s a small sampling of what’s going on – check us out!

Annual Meeting 2012—The Annual Meeting of the Paralegal Division of the State Bar of Texas will be held in Houston, Texas at The Houston Club on Friday, June 15, 2012 from 11:30 a.m. to 1:30 p.m. This year’s theme is: A Tradition of Championing Texas Attorneys.

Profiling the Paralegal Profession Video—The Paralegal Division, in conjunction with The University of Texas at El Paso, has created a video, “Profiling the Paralegal Profession”, which describes the profession and how attorneys can most effectively use the skills of paralegals. The video is eligible for .5 hours of MCLE accreditation in the area of Law Office Administration to its viewers and is now available for viewing, at no cost.

TAPS 2012—The Texas Advanced Paralegal Seminar (TAPS) is in Dallas, Texas at the Crowne Plaza Hotel in Addison, TX from October 3 – 5, 2012. Mark your calendars now!! You don’t want to miss this event, which is themed “TAPS: A Direct Flight to First Class CLE.”

PD Webinars—The Paralegal Division offers webinars throughout the year. PD members receive a discount as a member benefit. Watch for details on upcoming webinar events on our website! These webinars are a great way to get some low cost CLE.

PD Blog—The Paralegal Division Blog has launched. We are excited to bring you another way to stay current on all of the events and benefits that the Paralegal Division brings you. Please visit the Blog at <http://blog.txpd.org/>. A link to the Blog is also found on the PD website, www.txpd.org. To access the Blog, scroll to the bottom of the Home Page and click on the PD Blog button is on the left hand side.

PD Job Bank—PD has a Job Bank that is accessible by only its members. Job postings are for positions throughout the State of Texas. Members may post jobs for their firms and corporations through this site, free of charge.

PD Serves as Statewide CLE Depository—All CLE offered to Texas paralegals through PD’s 15 districts and approximately 32 local paralegal associations in Texas, as well as other legal associations and private CLE vendors, are now submitting CLE events to PD for placement on its website CLE Depository. There are over 150+ events routinely listed for attendance. The listing is searchable by location or key word such as “family law” or “discovery.”

Texas Advanced Paralegal Seminar

The Texas Advanced Paralegal Seminar (TAPS) is a three-day CLE event held on an annual basis and is sponsored by the Paralegal Division of the State Bar of Texas.

Each year, TAPS is held in a different Texas city [e.g., 2011—Fort Worth; 2010—Austin; 2009—League City; 2008—San Antonio; and 2007—Addison].

The first TAPS (at that time known as LAU) was held in San Antonio in 1999, making this year's TAPS the 13th year that the seminar will be held. This event is marketed to paralegals across the State of Texas and offers up to 14 hours of CLE over three days. There are approximately 60–65 speakers each year with five tracks of substantive legal topics presented from 9:00 am–5:00 pm daily. Each year, approximately 250 paralegals from across the State of Texas attend TAPS. In addition to the CLE, attendees are treated to two socials and an attendee luncheon. There is an exhibit hall on Thursday; each attendee that visits with all 40 exhibiting companies represented is eligible for one of three cash grand prizes of \$500 each.

During the 2011 TAPS, the Paralegal Division celebrated its 30th Year Anniversary with fantastic speakers and a dinner atop the Texas Motor Speedway. The featured keynote luncheon speaker was **Roland Johnson**, Past President of the State Bar of Texas, and Partner, Harris, Finley & Bogle, P. C., Fort Worth. Mr. Johnson's presentation was titled: *Where You Are Now Is Nowhere Compared to Where You Can Go! Pearls of Wisdom and Reflection from a Past President*. Mr. Johnson's presentation included the history of the Paralegal Division and the long road paralegals have traveled over the

years. Mr. Johnson is a proven leader in the Texas legal community. He served as president of the State Bar of Texas for 2009–2010. Mr. Johnson has been repeatedly honored for his professionalism and legal knowledge. He was named Sustaining Life Fellow of the Texas Bar Foundation. He served as board member of the State Bar of Texas from 2003 to 2006. In 2006, he was named Outstanding Third Year Director of the State Bar of Texas. In 2005, the Texas Wesleyan University School of Law presented him with the Distinguished Adjunct Faculty Award.

2011 TAPS speakers included **John G. Browning**, Lewis Brisbois Bisgaard & Smith, LLP, Dallas whose topic was *When the Jury Box Becomes Pandora's Box—Dangers of the Online Juror*. Mr. Browning gave a very funny yet informative twist on the issues lawyers are faced with by today's new juror, a juror who comes to the courtroom with ideas on the case at hand due to the internet and social media. Today's jurors can't resist the urge

to share the information they have been made privy to and even ask their friends on Facebook and through blogs how they should vote. Jurors are also researching via the internet the legal concepts and questions being presented to them in the courtroom. He provided information on these problems and what is being done to prevent jurors from surfing the web and Tweeting or using Facebook to correspond with their friends and colleagues about the case on which they are serving as a juror. He also provided some tips for attorneys and paralegals to find out more about prospective jurors through the internet and social media. **Richard T. Robinson**, Manager of Technology, Gardere Wynne Sewell, LLP, Dallas presented *eDiscovery, Social Media and Related Internet Legal Issues*. Mr. Robinson discussed the new rules governing social media and e-Evidence. He covered the growth of electronic evidence due to the increase in social media, how social media is affecting the cases that lawyers get and even the selection of juries in some high profile cases, retaining and finding electronically stored information.

2010 TAPS speakers included **Ranelle M. Meroney's**, attorney with Chamberlain McHaney, whose presentation explained the magnitude of *Medicare, Medicaid and the SCHIP Extension Act* by defining the rights of reimbursement and how it is managed by those in the personal injury arena. Although these amendments are arguably complex, her presentation helped many to understand the functions and fundamentals of a very challenging area of law. Her explanations were concise, straightforward and will assist many of us in our efforts to comply with these very complicated laws. **Judy Kostura**, attorney

with Judge, Kostura & Putman, P.C., gave a presentation on *Subrogations and Liens in Personal Injury Cases*, explored the state and federal statutes and cases on the topic of subrogation from the plaintiff's view point. The material was easy to follow and well structured. She included examples of cases and her paper enabled a better comprehension of the framework of subrogation. She was very informative in her presentation and captured attendees' attention with her humor. The overall presentation was engaging and colorful. Many people appreciated the depth and detail of her paper.

2009 TAPS speakers featured **Jonathan Gould, Ph.D.**, and **Jay Flens, Ph.D.**, traveled across the country (from North Carolina and Florida) to make their two-session presentation to us. Drs. Gould and Flens also presented at the State Bar's Advanced Family Law Seminar that past summer in Dallas, and are considered to be the "gurus" of child custody, having devised the 2.2.5 visitation schedule. Their presentations were informative and entertaining. It truly says something regarding the quality of information we are presenting, when renowned speakers from across the country are willing (at

their own cost) to appear and present to the Paralegal Division. Dr. Gould commented afterwards that they were in a room full of bright women and men, and our participation regarding exchange of information was exceptionally insightful, and truly made them feel as if they were able to provide us information that would be useful in the future. **Elaine Lowenkron** of Attorney Resource traveled to League City to provide the attendees with classes on Power Point and Excel for 2007. The classes were very helpful and gave numerous tips and tricks for the use of these two programs for optimal use in a firm's legal practice.

In addition to distinguished speakers at TAPS, the Paralegal Division offers attendees time to get acquainted. There is a Wednesday Welcome Social that is attended by the attendees, guests and all of the representatives of the exhibiting companies. This first night social gives the attendees a chance to wind down from a busy first day and greet new and old acquaintances. The Welcome Social is viewed as a chance to get together and, perhaps, go to dinner that evening with fellow attendees.

On Thursday evening, the attendees

are treated to an off-site social with dinner and fun. There is entertainment and special time together. Each year, the Thursday social is planned around the "theme" of the event. A sampling of Thursday events have been riding race cars at Texas Motor Speedway in Fort Worth, an elegant formal dinner at the Delaney Vineyards in Grapevine, a night at Esther's Follies in Austin, a dinner water cruise in League City, a fun night at Cibolo Ranch with a cowboy riding demonstration in San Antonio, and a night of bowling, billiards, and miniature golf at 300 Dallas. Don't miss what is in store for everyone in 2012 (October 3-5) in Addison!

As always, there are door prizes for attendees, giveaways by the sponsoring vendors in the exhibit hall, opportunities to network with colleagues, and, of course, the best legal education you can attend in Texas.

The 2012 TAPS will be held in Addison on October 3-5, 2012. Access detailed information at www.txpd.org/taps to discover what is planned this year. Registration begins on June 15. This is one event you don't want to miss.

Member Benefits

On-Line CLE and Webinars

On-Line CLE is available to members and non-members of the Paralegal Division. Division members receive a discounted rate on all CLE purchases. The Division has numerous CLE programs in its library and it is continually being added to. Anyone can find a topic that fits into their practice area or in an area they feel they need just need to know more about.

In addition to pre-recorded on-line CLE, the Division consistently hosts live webinars on various topics. Information regarding these webinars will be sent to Division members through Division e-blasts.

If you are interested in seeing what the Division has in its on-line CLE library please visit at www.txpd.org and click on the **CLE OnLine** tab on the left hand side.

For your convenience in obtaining the required 6 hours of CLE for renewing Active and Associate membership in the Paralegal Division, Online CLE is an easy way to complete the requirement.

If you have any suggested topics or know of a great substantive legal topic presenter willing to provide a webinar, please contact the On-Line CLE Chair, Rhonda Brashears, at CEC@txpd.org.

Paralegal Division District CLE

Each District of the Paralegal Division is required to present at least three (3) hours of CLE to the membership each fiscal year. Districts are also permitted to provide CLE webinar presenters to the PD Online CLE Committee Chair, Rhonda Brashears.

Each District has a Continuing Education Committee sub-chair who is in charge of providing District CLE in compliance with the required number of CLE's. The PD has two different types of CLE. The most frequently scheduled CLE is a "Brown Bag" which is held during a lunch hour at no cost to attendees and

counts as one (1) CLE credit. Districts are also permitted to hold income-producing seminars whereby attendees pay a registration fee to attend. The income-producing seminars are generally a three (3) or four (4) hour event.

By the end of this fiscal year, it is anticipated that the PD will have provided a total of 50 CLE hours to its members across the state (exclusive of online webinars).

Ambassador Program

Do you have a limited speaker pool? Do you occasionally want a paralegal speaker who can talk on issues that directly relate to paralegals? If so, I encourage you to request a Paralegal Division Ambassador for your next event. Our Ambassadors are the current and past presidents of the Paralegal Division and can speak on paralegal ethics, utilization of paralegals, intellectual property, reviewing medical records, trial notebooks, e-discovery, professionalism, and a number of other topics. Also, subject to some limitations, we cover the cost of getting an Ambassador to your seminar—so it can be as easy as going to our website and sending us your request. The request form must be completed and submitted to the Ambassador Committee Chair. Go to www.txpd.org, choose CLE/Events, choose "Request PD Ambassador."

Join the PD E-Group Today!

The eGroup is another way members can stay abreast of paralegal activities. The eGroup's underlying technology is an easy-to-use group email service known as a list server. The list server stores the list of "subscribed" member email addresses and handles the interchange of email messages among those on the list.

The eGroup is a way for members to share information and to get input to help address questions. Say you have a question and think the group would be resource; you could send your question to the

eGroup. Hopefully someone in the group can give you some fresh ideas about the matter. Please read more about eGroup *netiquette* by going to www.txpd.org in the Members-Only tab and selecting eGroup in the drop down menu.

Following is feedback from members on the eGroup benefit:

This is truly awesome and an excellent tool for networking, experience and education for paralegals. Thank you for this group of exceptional professionals.

Thank you for this group!! The paralegal e-group IS the greatest thing since sliced bread. It benefits me in so many ways. As paralegals we are called upon to work in many different areas of law, some for which we may not have much, if any, experience. This group allows us to communicate, ask questions, and obtain information from paralegals who have experience in areas that we may not be familiar with. It allows us to give and receive information related to venues and jurisdictions, procedural information, computer technology, various software, not to mention the grammar lessons. It would be so much harder to do my job well without this group. I could go on and on.

Thank you TXPD for this group and a BIG thank you to all who participate. YOU have made me a better paralegal.

**PRO BONO HOURS
2011 AND 2012**

In Texas, there are 5.3 million Texans who qualify for legal aid. In order to qualify for legal aid, an individual must earn no more than \$13,538.00 a year and a family of four, \$27,563.00. There is one legal aid lawyer for every 11,512 Texans who qualify for legal aid. In many of our communities, there are agencies that provide legal services to the indigent for a variety of needs including immigration representation, family violence issues, public utility advocacy, wills and ancillary documents, civil litigation services to the disabled and infirm, and for the Veterans who have served this country valiantly. Legal aid services ultimately are a safety net for our communities, offering greater social stability and the belief that justice matters.

Pro bono service is a tradition of the State Bar of Texas and lawyers are asked to provide 50 hours of service per year. Although paralegals have never been required to perform pro bono service in our communities, many of us find great satisfaction and meaning with supporting the attorneys and agencies in providing for those who, without our assistance, would never have the basic services that provide equitable justice for them in our society.

Each year, our legislature in Texas is asked to consider funding for the many legal aid programs throughout the State. When the State Bar of Texas is called to justify the financial needs of these programs, one of the first questions asked is “What is the legal community doing to support these programs?” Every *documented* pro bono hour that is recorded for attorneys and paralegals translates directly into dollars from the legislature.

It is with great pride, that I announce those PD members who have tracked their pro bono service hours during 2011 and 2012 so the Paralegal Division can provide its share of document pro bono hours in an effort to support the legal community.
